Order Receipt

After you register for a class online, an email **Order Receipt** is sent to the email address associated with the registration.

HFC Online Account Quick Guide

The online account and online registration are not the same. A good way to think about the difference is the online account contains the past online registrations and is specific to a family or account holder.

Create an Online Account

Online accounts are initially created during online registration. When you enter your email address, the system verifies if the email address exists in the system already.

If an account associated with this email address is new, you will be asked to create a password at the end of registration.

Sign in to Online Account

When you want to access your account, you will sign in using the email address and password you created during registration.

In order to sign in, you have to access the site via the Highland Friendship Club link. This link is automatically sent to you in the registration confirmation email.

Reset Password

It's okay if you forget your password! On the login screen, there is a **Forgot Password** link, connecting you to your **Active Passport** login account.

Common Actions in Online Account

Use the set of steps below to complete different actions in your online account:

Fill out Follow-Up Forms

1. Find appropriate form
2. Click **FILL OUT FORM**

Upload Supplemental Forms

1. Find appropriate form
2. Click **UPLOAD FORM**

Make Payment Online

1. Click either **PAY BILL NOW** at top of page or
2. **PAY NOW** on right of page in sidebar

Troubleshooting

Occasionally, you may encounter problems logging in to your account. Use these steps below to resolve the most common issues.

HFC Program Registration Adjustments

There are four main adjustments available. Each action will enable you to perform important changes to an existing order.

1) Edit Purchases

You can always change the tuition price of an existing order if you need to adjust the price of a camp, but want to do so without applying a discount. Sometimes tuition changes also come as a result of the price of a camp changing after someone has already registered. It is important to note, however, that you cannot edit the price to be more expensive than the tuition allows.

To edit the price of an existing purchase:

1. Click **People** tab
2. Search customer's name in search bar
3. Select customer's name
4. Select **Order number**
5. Next to **Item** name, select **Edit purchases** from **Actions** drop-down menu
6. Next to tuition price, click **Edit**
7. Select **Manually adjust price**
8. Reduce price by amount
9. Click **Continue to review screen**
10. Review changes
11. Click **Submit**

2) Transfer Sessions

One of the more common actions is to transfer a participant from one session to another. If your participant changes their mind about an offering and wants another one, a transfer is what you need! In the product, you can transfer from one session to another in the same season only; you cannot transfer participants from one season to another, though!

Registrants can be transferred to a different session *within the same season* by:

1. Enter specific registrant's name into search bar at top
2. Click desired registrant name
3. Click appropriate **Order number**
4. Click **Actions** and choose **Transfer**
5. Select new session for registrant
6. Click **Continue to review** screen 7. Click **Submit**

3) Add Discount/Remove Coupon

There will be times when you either need to add a discount or remove a coupon from a current order. In situations where a customer's coupon is no longer valid or accidentally redeemed, you can remove it. The reverse is also true. If someone forgot to get their discount during registration, you can manually add it to the order. Here is how you can do this. Please note that the option to remove coupon will not appear unless a coupon is already present!

To remove a coupon from an existing order:

1. Search and select customer
2. Click on order number
3. Select **Remove Coupon** from Actions drop-down
4. Submit

To add a discount to an existing order:

1. Search and select customer
2. Click on order number
3. Select **Add other discount** from Actions drop-down
4. Select appropriate discount from dropdown
5. Fill in **Amount** if not auto-populated
6. Fill out reason if desired
7. Click **Apply discount**

* **Note:** Refunds are always processed to the original payment method used

Cancel Registrations

If a participant asks to be withdrawn from a session or you are no longer offering a session, you can cancel a participant's registration.

1. Select **People** tab
2. Search and select account or participant name
3. Select order number containing registration
4. Select **Cancel** from **Actions** drop-down menu
5. (Optional) Input **Charge a cancellation fee** amount
* **Note:** *This option only available if payments made*
6. Continue
7. (Optional) Select **Reallocate credit to be held in the family's credit balance** if you wish to credit the account rather than refund back to the payment method.
8. Review **Order summary** and **Credit to be refunded**
9. Submit
